## TOP DRIVE REPAIRS AND RECERTIFICATIONS

Quality top drive repairs and recertifications are how GDS built its reputation as an outstanding service company. Our experienced technicians have decades of technical knowledge on the largest variety of top drives in the industry. We specialize in emergency quick-turn repairs in our strategically located facilities in Houston, Dubai, and Russia. We perform vertical run testing on all top drive systems, utilizing our custom-designed dynamometer to ensure that your top drive is returned to you in "like-new" condition. We also service catwalks, drawworks, traveling blocks, service loops, pipe handlers, and IBOP actuators. GDS fully complies with all industry licensing, including API Spec 8C (license number: 8C-0161).

- ▶ 1000 Day Inspections to API spec
- ▶ Major Overhauls
- ▶ Dyno Testing
- ▶ Hydraulic and Electric models
- ▶ Fast Turn Times
