Dear Keith Holliday,

On behalf of myself and Action Drilling Company, I wanted to send a letter of recommendation for Global Drilling Support (GDS) for services they have performed for me in the past outside of Kuwait. I was very pleased with your responsive service department and knowledge of GDM and other Top Drive Manufacturers. We were highly impressed with GDS's attention to safety when their team showed up on location and was quick to respond to our needs. I feel that Kuwait Oil Company could benefit from allowing GDS to participate with its high horsepower Top Drives and cutting edge products and services. I am aware of other International drilling contractors that use your GDM Top Drives that will continue to buy from GDS.

When approved, I look forward to considering utilizing your GDM Top Drives on our rigs along with training and excellent customer service I am accustomed to from Global Drilling Support.

Sincerely,
